

Preliminary Engineering Report for the James River Water Project

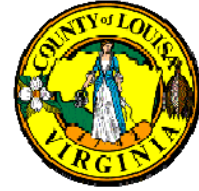

Table of Contents

Section 1	Introduction & Background
Section 2	Summary of Potential Project Stakeholders
Section 3	Future Customers and Service Areas
Section 4	Reservoir & Water Treatment Plant Siting
Section 5	Water System Alternatives Analysis
Section 6	Raw Water Pipeline Routing Study
Section 7	Treatment Process Alternatives
Section 8	Finished Water Pipeline Routing Study
Section 9	Finished Water System Hydraulic Model
Section 10	Project Schedule
Section 11	Construction & O&M Cost Summaries
Section 12	Environmental Overview

Appendices

Appendix A	Memorandum of Understanding – March 2003
Appendix B	VDH Letter – March 16, 2009
Appendix C	Withdrawal Permit – December 15, 2005
